Item	
1.	Welcome and Apologies Some members of the exec could not attend the meeting and send their apologies.
2.	Liberation Networks update Liberation Network is a group of students from marginalized backgrounds who meet to discuss their student experience and discuss how the SU could better represent them. Due to low engagement, the Community Officer suggests meeting less frequently, however the Treasurer states less frequent meetings might mean less people remember to attend. External Coordinator proposes to see if the Network clashes with other groups or societies and suggests asking the members of the Network what they would like from the group.
3.	Updates from D&S groups External Coordinator updates on Nightline – Low volunteer engagement is still an issue due to the recovery from Covid. Work is needed to show students Nightline is not a service but a society, perhaps through more regular socials.
4.	Upcoming EDI events (LGBT+ HM, and IWD) Treasurer is part of the Labour group, they are getting an external speaker, Bristol MP Thangam Debbonaire, he suggests they could work with other D&S groups. Community Officer to suggest to all the D&S groups if there should be a group event for LGBT+ month.
The meeting ended at [13:05].
