

Bath Hindu Society Media Pack

Through our dedicated and talented committee, Bath Hindu Society offers tailored opportunities to maximise your campaigns across digital, face-to-face, and print channels. We reach over 21,000 students at the University of Bath, including 1,500+ Hindu students, and are at the heart of South Asian cultural events such as Diwali, Holi, and Navratri.

We operate in close affiliation with the University of Bath Students' Union (a registered charity), through which all student-facing activity and engagement is managed.

Every penny of sponsorship is reinvested into the university's Mandir, festivals, and regular activities supporting meaningful, student-led experiences that promote cultural connection, spiritual growth, and Dharmic values on campus.

This media pack provides a snapshot of what's available. We're always happy to explore customised options to suit your goals. All prices are listed Ex-VAT.

As one of the UK's top universities, Bath is home to future leaders, creators, and consumers making our student community the ideal audience for your brand.

Let's connect.

On-Campus Stalls & Flyering

Our campus Parade is the most trafficked walkway at the University of Bath, linking teaching spaces, accommodation, and SU buildings. Hosting a stall or distributing flyers here is an effective way to connect with students face-to-face and drive immediate engagement.

Self-staffed stalls allow you to interact directly with students, conduct surveys, hand out samples, and explain your offering in person. If you'd prefer a hands-off approach, we can take care of distribution for you through our Hindu Society-staffed flyering service, ensuring your materials are delivered by trusted student reps.

Everyday
Amazing.

Hindu religion and culture. All of its members and its committee are **one big family**, and with collaborations with other Hindu societies in the UK, cultural societies in Bath and the local Bathian community, there is always a fantastic opportunity to meet new people and to serve others. **Before you dismiss us as being a very religious society or because you yourself aren't Hindu, STOP!** Some of us were once in your position – we'd have checked out this page, walked past the Hindu Soc stall at Freshers' Fair, and would have thought that "they're probably really religious, and I'm not about that life". We were so wrong, so hear us out. How religious your experience with us is, is completely up to you – only want to play sports or get involved in screenings? Absolutely fine – you don't have to take part in a single religious activity this year! You aren't Hindu? Not a problem at all – *several of our previous committee members have not been Hindu!* We also represent members of the Jain Faith and welcome anyone and everyone who wants to join, regardless of their faith, race, gender or nationality – we have many secular activities that are not religious in any way, shape or form! **Faith is a means of empowerment, not an obstacle to participation!**

Job Listings & Student Opportunities

If your organisation is looking to recruit student talent or promote part-time roles, internships, or volunteering placements, we can help you reach a motivated and diverse audience.
