**Notes:**

- All applications should be considered against sport specific criteria.
- For all awards students must not have missed playing or competing in any University fixture except when having been selected for representation at a recognised higher level, or because of injury or on compassionate grounds including an individual being rested at the coaches' request - there is an expectation to achieve 75% attendance of fixtures.
- Exceptionally, in the case of a student who has excelled for one full season (for example a podium finish at an individual national BUCS tournament, providing that there was sufficient opposition); the Blues Committee may use its discretion and award a Colour.
- In the case of a student meeting part Ribbon criteria and part Colour criteria due to progression and provides enough representational evidence of both combined; the Blues committee may use its discretion and award a Ribbon.
- The Blues Committee may use their discretion in the giving of all awards when the criteria is not exactly matched.
- Blues Committee meetings take place in February and March before most seasons end, no award may be given for an event that has not taken place before the deadline of the nomination forms, these shall be considered the following year and therefore previous year graduates may be considered for all awards if the criteria is met.
- Graduates are able to use the previous year's criteria that was in place the year they graduated; current students must use the most up to date criteria when they submit their nomination.
- A premier division refers to Premiership (A) and above and cannot apply where the highest league is conference based e.g., Western 1A.

**Eligibility:**

-To be eligible for an award, a student must have competed on average, a minimum of 75% of possible matches across listed years to meet the criteria above. The total number of BUCS fixtures/ tournaments should be recorded with a detailed breakdown of all those played with dates and opposition/ venue recorded.  
 -Absence listed as injury will be judged on a case by case basis, where an injury occurs during club activity, this will be taken into account.
