

How to set up your coach and guidance

Below are the details and Table of Actions about how to set up coaches. That includes, volunteer, employed and self-employed.

Where employed university coaches have not undertaken regular work or have not worked in a long time, they may no longer be in the university system and in this instance will need to be set up as a new worker. It is likely they will not be used to this process so you will need to ensure all details below are carefully followed to avoid delays.

The SU Bath would like to inform you that UK Law has led to the processes we follow.

So therefore, all clubs need to adhere to the Table of Actions by law and any club found to breach this will be putting the University at risk of a large fine and potential legal action. There is a lot to work through and so there is a lot of detail to read through.

There are some actions for you as a club committee to do now:

- 1.) Read the Table of Actions carefully and familiarise yourselves with the full process so you can ensure as a committee you complete all aspects and support your coach during their set up. It should act as a good resource to refer to as you go through the process.
TO NOTE: All coaches need to go through this process each academic year, even if they have coached before or are continuing coaching the club.
- 2.) Your next step is to email on this Table of Actions (page 3) to any coaches you would like to work with your club for the coming year, and to any returning coaches the club intend on using this year. Please flag as mentioned above many returning coaches will need to be set up as a new starter. ***REMINDER: At this stage anything sent out is merely to start the process to allow the coach to send in relevant paperwork and get set up to avoid delays later. There is to be no confirmation of allocation of hours or payment with coaches at this stage.***
- 3.) As listed in the table of actions you will be able to follow a link to 'Coaching Budget allocation form' which will be your opportunity to inform us how you anticipate allocating your funds to coaches. To do this, you will need to know the hourly rate of your potential coach. 2 options here, one is if they are self-employed you will need to ask what they would like to receive an hour. Second option is if they will be employed through university payroll you will have to choose an hourly rate from the [hourly rates guide](#).

To offer some guidance normally a level 1 coach would be paid CW3 or CW4 rate, Level 2 coach would be CW5 or CW6 rate and level 3 or above CW7 or CW8. All dependant on experience etc. (you must calculate the costs using the hourly rate plus holiday pay column).

- 4.) Once you have submitted your Coaching Budget allocation form it will be assessed by SU Sports staff who will inform you via email if your allocation has been agreed or if more discussion needs to occur.
- 5.) Crucially you must not agree any hours or rates of pay with any coach until you have had written confirmation from SU Sports staff that it is ok to confirm. You must also not engage the coach in any work under any circumstances until you are cc'd into an email sent by SU Sports staff that is also sent to the coach (listed in Table of actions) confirming work can commence. This point is explicit as it is not yourselves as the committee that are the employers. You are unable to engage the coach in any work without the written evidence from the SU Sports staff who are the official employer.

If you have any questions about any of the above processes, contact subathsport@bath.ac.uk

Before a coach can carry out work as self-employed their employment status will need to be assessed. This is to ensure they meet the government requirements to be self-employed. If a coach does not meet the requirements to be self-employed then they will need to be engaged as either a volunteer or an hourly paid worker.</p> <p>If a coach is currently set up as an hourly paid worker in the capacity of Coach for the SU then they will already be on the payroll system and can be treated as Current Uni hourly paid worker – coach role</p>	<p>Club committees can check to see if their returning coach is already set up as an hourly paid worker on the payroll system to avoid any delays in them commencing work by emailing subathsport@bath.ac.uk.</p> <p><i>This year many regular hourly paid workers were removed from the payroll system as they did not complete any hours so likely they will need to follow the New Uni hourly paid worker-coach role setup.</i></p>

Please allow time before sessions to do this as at peak times it can be busy. Staff will decline access if a coach doesn't appear on this list, this is a rule stipulated by the SU so please refrain from disputing this with the staff on reception as they are only acting on the rule.</p>	<p>Coaches should be made aware it can take up to 5 working days to be added to access list so should ensure they complete their actions in this flow chart as early as possible to stop any delays.</p>
