The SU Bath - Standpoint Document

[Updated 21/12/2022]

What are Standpoints?

A SU 'Standpoint' is a formal position, or stance, that The SU adopts on a particular issue, topic, or aspect of University life. Standpoints should be used to guide all Students' Union representatives on what the student opinion is on a range of issues.

However, Standpoints do not bind The SU to any specific action, but they do demonstrate The SU's stances on a range of issues, and a stance can inform the actions of The SU.

Standpoints are approved, amended, and overseen by the SUmmit Committee.

How are Standpoints created?

Any student can propose a new Standpoint, guidance for this is on our **Standpoint webpages**.

SUmmit committee discuss and vote on Standpoint proposals, they are the body that can formally approve proposals as SU Standpoints.

What is 'SUmmit'?

SUmmit is an SU Committee made up of a range of student leaders and elected representatives who vote to create Standpoints (SU stances on any given issue) and hold the SU Officers to account.

Read more on our **SUmmit webpage**.

About this Document

The Standpoints are separated into categories, these categories will evolve and change as more Standpoints are added to the list. There is also a glossary of key terms at the end.

Each Standpoint can be prefaced with 'The SU believes'.

Glossary of key terms

Word or term	Definition	Page number
'Under- represented groups'	 An 'under-represented group' is defined as per the Office for Students' access and participation glossary: Students from areas of low higher education participation, low household income or low socioeconomic status, Some Black, Asian and minority ethnic (BAME) students, Mature students, Disabled students, Care leavers, Student Carers, People estranged from their families, Refugees, People from Gypsy, Roma and Traveller communities, and Children from military families. 	З
'In-depth'	The term 'in-depth' feedback refers to comments specific to the taught content, as well as general advice, benchmarked against transparent marking criteria. Feedback should also be idiosyncratic to the largest possible extent.	3
'Tailored'	'Tailored' feedback refers to comments that take into account the general background of the student and which focuses only on the issues that fall under the student's control.	3
