

How to post a volunteering opportunity

The SU Volunteering Opportunities page is our most visited webpage and can be viewed by thousands of students at the University [Volunteering Opportunities](#)

If Student Groups need volunteers for their event or activity, they can post on this page. For example, the Bath University Latin & Ballroom (BULB) dance group hosting a dance competition with another university needing 20 student volunteers to support the event.

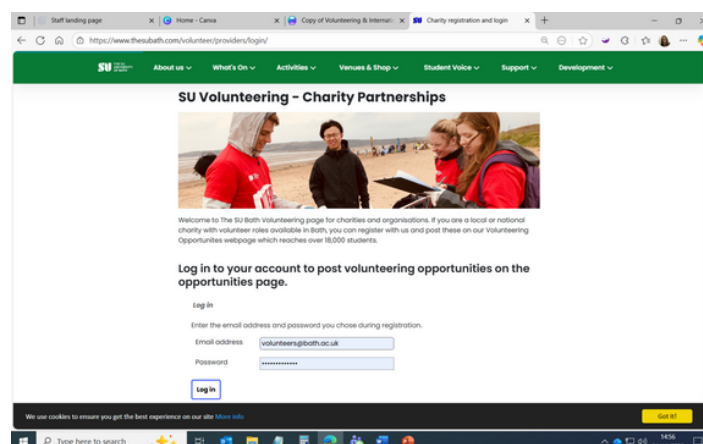

Please follow the steps below to post your role. Once the role is up you will receive email notifications of students who are interested. You can then follow up with them direct.

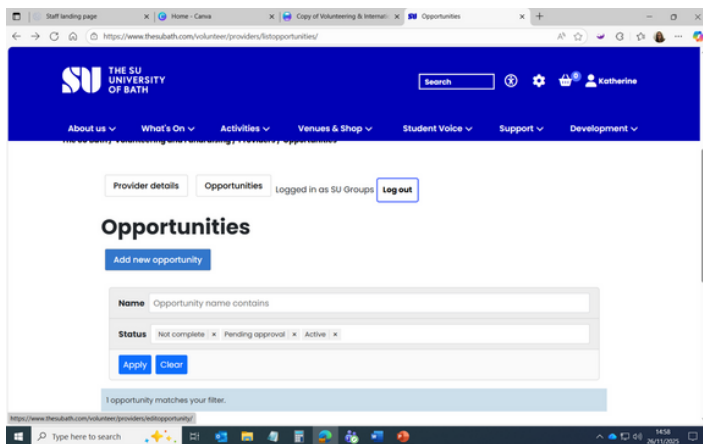

If you have any questions, email volunteers@bath.ac.uk
